Other information regarding our boarding facility:

1. All pets are kept inside air-conditioned kennels.
2. All canines are walked outside 4 to 5 times daily – weather permitting.
3. All pets if found to have any parasites (flea, ticks, worms.. etc.) will be dewormed or treated topically due to the possibility of contamination to other pets. ***This will be at an additional charge to you.*** Our front desk will be happy to explain all the fees.
4. All pets will be given a Capstar upon arrival and discharge to prevent contamination to other pets.
5. All pets are required to be current on all vaccinations. If your pet is due or we are unable to verify, ***your pet will be vaccinated.*** The vaccines and their explanations are listed below.
6. All pets are bathed prior to their release at a discounted rate. If you do not want this service, you may decline the bath.
7. There will be a \$6.00 charge per day/per medication supplied by the hospital while boarding. Any medication supplied by the owner to be given while boarding will be charged \$3.00 per day/per medication. A fee also applies for any special food we may have to supply. Please check with receptionist.
